Titres	ISIN CH0000587979, Telekurs 58797

Points marquants de l'ordre du jour

Cette assemblée extraordinaire est convoquée par le conseil d'administration suite à l'accord conclu entre Sika, la famille Burkard et Saint-Gobain le 11 mai 2018 pour résoudre leur conflit, qui remonte à décembre 2014, quand la famille Burkard a annoncé la vente de SWH (société qui détient 53% des droits de vote et 17% du capital de Sika) à Saint-Gobain sans avoir informé préalablement les administrateurs sans conflit d'intérêts. Les éléments principaux de l'accord entre les 3 parties sont les suivants:

- Saint-Gobain a acquis SWH auprès de la famille Burkard pour CHF 3.22 milliards.
- Saint-Gobain / SWH a vendu des actions nominatives représentant 6.97% du capital et 23.7% des droits de vote à Sika pour CHF 2.08 milliards.
- Sika convoque cette assemblée pour simplifier le capital (introduire une classe unique d'actions nominatives), supprimer la clause d'opting out ainsi que la restriction de transmissibilité et annuler les actions achetées à SWH.
- Après la simplification du capital, Saint-Gobain détiendra une participation de 10.75% dans Sika pendant au moins 2 ans.
- Toutes les procédures légales en cours ainsi que l'audit spécial et le mandat du comité d'experts prendront fin.
- Les 3 administrateurs liés à SWH ont démissionné du conseil de Sika avec effet immédiat le 11 mai 2018.

Le conseil d'administration propose également d'élire M. Justin Howell au conseil et au comité de nomination et de rémunération, de décharger complètement le conseil et la direction pour les exercices 2014 à 2017 et d'approuver la rémunération du conseil pour la période allant de l'AG 2015 à l'AG 2019.

SWH (désormais entièrement détenue par Saint-Gobain) a annoncé qu'elle voterait en faveur de toutes les résolutions proposées lors de cette assemblée. Ethos est très satisfait de l'accord conclu entre Sika, la famille Burkard et Saint-Gobain, qui bénéficie à toutes les parties concernées et préserve l'indépendance de l'entreprise. Ethos recommande de voter POUR tous les points à l'ordre du jour.

Détail des présences

Le taux de présence à l'assemblée générale 2018 était de 76% des actions avec droit de vote. Les voix étaient représentées comme suit :

- Représentant indépendant : 25%
- Actionnaires présents dans la salle : 75%

Note sur les résultats de vote

Les droits de vote de la famille Burkard étaient limités à 5% des actions nominatives pour les points 4.1.1, 4.1.5, 4.1.6, 4.1.7, 4.1.9, 4.2, 4.3, 4.4.1, et 4.4.3 de l'ordre du jour. La famille Burkard s'est abstenue de voter sur la réélection de M. Frits van Dijk (représentant des actionnaires au porteur) au point 4.1.3.

Prof. Dr. Bischoff n'a pas été élu au conseil au POINT 4.2 Comme seul un membre du conseil peut être élu en tant que président, le POINT 4.3.2 n'a pas été soumis au vote des actionnaires.

2. Proxy Analysis

Background to the EGM

This EGM is called by the board of directors following the agreement reached by Sika, the Burkard family and Saint-Gobain on 11 May 2018 to resolve their conflict, which started in December 2014, when the Burkard family announced the sale of SWH (the holding company that holds 53% of the voting rights and 17% of the capital of Sika) to Saint-Gobain. The agreement reached between the 3 parties includes the following elements:

- Saint-Gobain acquired SWH from the Burkard family for CHF 3.22 billion. The purchase price reflects an increase of more than CHF 500 million from the purchase price agreed in December 2014 between Saint-Gobain and the Burkard family, taking into account the increase in Sika's value since 2014.
- Saint-Gobain/SWH sold registered shares representing 6.97% of the capital and 23.7% of the voting rights) to Sika for CHF 2.08 billion. This amount includes a CHF 795 million premium over the market value on 4 May 2018.
- Sika calls this EGM to propose the following changes to the articles of association (ITEMS 1.1 to 1.4):
 - Cancellation of the 6.97% shares acquired from SWH
 - Implementation of the "one share, one vote" principle (introduction of a single class of registered shares and removal of the 5% transfer restriction)
 - Removal of the opting out clause

The proposed amendments introduce the equal treatment of shareholders, which Ethos welcomes. SWH (now fully owned by Saint-Gobain) has announced it will vote in favour of all resolutions proposed at this EGM. The proposals under ITEMS 1.1 (removal of the opting out clause), 1.2 (introduction of a single class of shares), 1.3 (removal of the transfer restriction) and 1.4 (capital reduction) are conditional on each other (i.e. if one of these items is rejected, all these items are considered rejected).

- After this EGM, Saint-Gobain will own 10.75% of the capital and voting rights. Saint-Gobain is bound by lock-up, stand-still and offer obligations. In particular, the parties have agreed on a lock-up (2 years) and stand-still obligations (up to 10.75% for 4 years, up to 12.875% for the following 2 years) with regard to Saint-Gobain's stake in Sika. In addition, in case of an intended sale, these shares will first be offered to Sika up to 10.75%. Therefore, the agreement guarantees that no public tender offer will be made on Sika's shares by Saint-Gobain for 6 years.
- Sika and Saint-Gobain will continue their substantial existing business relationship and seek to further expand it to areas of mutual benefit while preserving and respecting each Group's economic and legal independence.
- All pending litigation proceedings, as well as the special audit and the mandate of the special expert committee will be terminated.
- The 3 directors linked to SWH (Mr. Urs Burkard, Dr. Willi Leimer and Mr. Jürgen Tinggren) resigned from the board with immediate effect on 11 May 2018. Therefore, the board currently consists of only 6 directors.
- Saint-Gobain will not be represented on Sika's board of directors.

In addition to the above-mentioned proposals to introduce the equal treatment of shareholders, the following items are also put to shareholder vote:

- Election of Mr. Justin Howell (representative of Cascade and Bill & Melinda Gates Foundation Trust) to the board of directors as well as the nomination and remuneration committee.
- Binding votes on the remuneration of the board of directors for the period from the 2015 AGM to the 2019 AGM, which were previously rejected by the Burkard family.
- Discharge the members of the board of directors for the period from 1 January 2014 to this EGM. The discharge of the board members for the financial years 2014, 2015, 2016 and 2017 was either not granted or granted with reservations.

- Discharge the members of the executive management for the period from 1 January 2014 to this EGM. The discharge of the members of the executive management for the financial years 2014, 2015, 2016 and 2017 was granted with reservations.
- Termination of the mandate of the special expert committee.

Ethos is very satisfied with the agreement between Sika, the Burkard family and Saint-Gobain, which benefits all parties concerned and safeguards the independence of the company. Ethos recommends to vote FOR all items on the agenda.

1.1	Removal of the opting out clause	FOR
------------	---	------------

Under the condition that the EGM approves ITEMS 1.2 (introduction of a single class of shares), 1.3 (removal of the transfer restriction) and 1.4 (capital reduction), the board of directors proposes to delete art. 5 from the articles of association to remove the opting out clause, which exempts a buyer who acquires more than one third of the voting rights from the obligation to make a public offer to the rest of the capital.

At the 2015 AGM (the first AGM following the announcement of the takeover attempt by Saint-Gobain), Ethos and 11 other shareholders filed a shareholder resolution to remove the opting out clause. This resolution received the support of 97% of the shareholders not linked to the Burkard family, but was rejected (since the voting rights of SWH were not limited for this item).

Opting out clauses can put a company at risk and be very detrimental to minority shareholders and other stakeholders. Therefore, Ethos, in accordance with its voting guidelines, recommends to vote FOR.

1.2	Introduction of a single class of registered shares	FOR
------------	--	------------

Under the condition that the EGM approves ITEMS 1.1 (removal of the opting out clause), 1.3 (removal of the transfer restriction) and 1.4 (capital reduction), the board of directors proposes to introduce a single class of shares. Currently, the capital amounts to CHF 1'524'106.80, consisting of the following classes of shares:

- 2'333'874 non-listed registered shares with a nominal value of CHF 0.10 (CHF 233'387.40 in total)
- 2'151'199 listed bearer shares with a nominal value of CHF 0.60 (CHF 1'290'719.40 in total)

Upon approval of this item, the following changes will be made:

- Each bearer share (with a current nominal value of CHF 0.60) will be split into 60 shares of CHF 0.01 nominal.
- Each registered share (with a current nominal of CHF 0.10) will be split into 10 shares of CHF 0.01 nominal.
- The bearer shares will be converted into registered shares.

Therefore, following the cancellation of shares proposed under ITEM 1.4 and the simplification of the capital structure proposed under this item, Sika's capital will consist of 141'781'060 listed registered shares with a nominal value of CHF 0.01 (CHF 1'417'811.60 in total).

In addition, the following technical changes are proposed:

- Adaptation of the conditional capital (which will correspond to 7.5% of the issued capital following this EGM).
- Deletion of art. 3 para. 6 (regarding the possibility of conversion of bearer shares into registered shares and vice versa by a decision of the general meeting), art. 3 para. 7 (regarding the possibility for holders of registered shares to swap their registered shares for bearer shares) and art. 8.1 para. 6 (regarding the right of each class of shares to be represented on the board).
- Deletion of the provision included in art. 8.1 para. 6 that mentions that holders of bearer shares receive the annual report upon request.

Ethos welcomes the introduction of a single class of shares, which is a fundamental step in the introduction of the equal treatment of all shareholders. Ethos, in accordance with its voting guidelines, recommends to vote FOR.

1.3 Removal of the transfer restriction FOR

Under the condition that the EGM approves ITEMS 1.1 (removal of the opting out clause), 1.2 (introduction of a single class of shares), and 1.4 (capital reduction), the board of directors proposes to delete art. 4 of the company's articles of association to remove the transfer restriction. In fact, the current articles of association include a clause that allows the board to refuse a buyer of registered shares as shareholder if the number of shares acquired exceeds 5% of the total number of registered shares issued.

Ethos acknowledges that the transfer restriction has protected the company against the hostile takeover bid of Saint-Gobain. In fact, this clause has allowed the board of directors to limit SWH's voting rights for the agenda items that could have allowed the Burkard family to elect a majority of its own representatives to the board and therefore to finalise the takeover of Sika by Saint-Gobain. Without the transfer restriction, the board of directors would have had no means to prevent Saint-Gobain from taking control of Sika by buying only 17% of the capital.

However, the amendments to the articles of association proposed at this EGM will significantly reduce the risk of a hostile takeover attempt. In fact, with the simplification of the capital structure proposed under ITEM 1.2, it will no longer be possible for a buyer to take control of the company by buying only a minority of the capital. In addition, with the removal of the opting out clause proposed under ITEM 1.1, any buyer acquiring more than one third of the voting rights will have the obligation to make a public offer on all shares at the same conditions (i.e. the payment of a control premium will no longer be possible).

Therefore, Ethos considers that the transfer restriction can be removed from the articles of association and, in accordance with its voting guidelines, recommends to vote FOR.

1.4 Reduction of the share capital via cancellation of shares FOR

Under the condition that the EGM approves ITEMS 1.1 (removal of the opting out clause), 1.2 (introduction of a single class of shares) and 1.3 (removal of the transfer restriction), the board of directors proposes to cancel 1'062'962 registered shares (corresponding to 6.97% of the capital and 23.7% of the voting rights), which were acquired from SWH.

As mentioned above, the proposal is in connection with the agreement reached by Sika, the Burkard family and Saint-Gobain, as well as the simplification of the capital structure.

Ethos, in accordance with its voting guidelines, recommends to vote FOR.

2.1 Elect Mr. Justin Howell as board member FOR

The board proposes to newly appoint Mr. Justin Howell (Canadian, age not disclosed) for a 1-year term. He is also proposed for election as new member of the nomination and remuneration committee under ITEM 2.2.

Main features of board composition after the AGM (for more details, see section 6 of this report)

Board size	7
Combination of the functions of Chairman and CEO	No
% independent directors	42.9%
% executive directors	0.0%
% women directors	14.3%
Average age of directors	NA
Average board tenure	9.7 years

Mr. Howell is a Senior Investment Analyst at BMGI (the investment office of the Gates family and Bill & Melinda Gates Foundation Trust). Currently, Bill & Melinda Gates Foundation Trust forms a shareholder group with Cascade Investment (another investment vehicle for Bill Gates' holdings), Threadneedle and Fidelity. On 6 September 2017 (no subsequent announcement to the SIX Swiss Exchange), the shareholder group held 4.8% of the voting rights (corresponding to 9.1% of the voting rights after this EGM), of which 3% are controlled by Cascade Investment and Bill & Melinda Gates Foundation Trust (5.7% of the voting rights after this EGM). Therefore, Mr. Howell is considered affiliated as a representative of a significant shareholder. Ethos notes that the shareholder group supported Sika's management and non-conflicted board members in the hostile takeover attempt by Saint-Gobain.

Upon the election of Mr. Howell, the overall board independence will not be sufficient according to Ethos' guidelines, as 4 of the 7 directors (including Mr. Howell) do not strictly fulfil Ethos' independence criteria. However, the 3 current non-independent directors (Mr. Daniel Sauter, Prof. Ulrich Suter, and Mr. Christoph Tobler) are considered affiliated due to their long tenure at Sika, but have no conflict of interests. In fact, no changes were made to the composition of the board of directors during the 3.5-year conflict between Sika, the Burkard family and Saint-Gobain, which was essential in order to safeguard the independence of the company.

As none of the current board members have conflict of interests, Ethos can accept the election of Mr. Howell and recommends to vote FOR.

2.2	Elect Mr. Justin Howell to the remuneration committee	FOR
------------	--	------------

The board proposes to elect Mr. Justin Howell to the nomination and remuneration committee for a 1-year term.

Main features of the remuneration committee composition after the AGM

Committee size	3
Number of independent members	1
Number of executive members	0
Number of members with executive functions in other listed companies	0
Consistent with its position under ITEM 2.1, Ethos recommends to vote FOR.	

3.1	Approval of the total remuneration of the board of directors for the term of office 2015/16	FOR
------------	--	------------

The board of directors requests shareholder approval of the total maximum remuneration to be paid to the board of directors for the period from the 2015 AGM to the 2016 AGM (retrospective vote). The board remuneration for this period was rejected 5 times by the Burkard family (at the AGMs held in April 2015, 2016, 2017 and 2018, and at the EGM held in July 2015). Ethos recommended to vote FOR the requested amount at the 5 general meetings.

The board requests a maximum total amount of CHF 2'870'000 for its 9 members, including the chairman. The breakdown of the amount is provided in section 3 of this report.

The members of the board of directors cannot receive options or variable remuneration, which is in line with best practice. In addition, in view of the company's size and complexity, Ethos considers that the proposed board remuneration is acceptable (see "Comparison to company peers" under ITEM 3.4). Therefore, Ethos, in accordance with its voting guidelines, recommends to vote FOR.

3.2	Approval of the total remuneration of the board of directors for the term of office 2016/17	FOR
------------	--	------------

The board of directors requests shareholder approval of the total maximum remuneration to be paid to the board of directors for the period from the 2016 AGM to the 2017 AGM (retrospective vote). The board remuneration for this period was rejected 3 times by the Burkard family (at the AGMs held in April 2016, 2017 and 2018). Ethos recommended to vote FOR the requested amount at the 3 general meetings.

The amount is the same as the amount requested for the 2015/16 mandate (see ITEM 3.1). Ethos, in accordance with its voting guidelines, recommends to vote FOR.

3.3	Approval of the total remuneration of the board of directors for the term of office 2017/18	FOR
------------	--	------------

The board of directors requests shareholder approval of the total maximum remuneration to be paid to the board of directors for the period from the 2017 AGM to the 2018 AGM (retrospective vote). The board remuneration for this period was rejected twice by the Burkard family (at the AGMs held in April 2017 and 2018). Ethos recommended to vote FOR the requested amount at both general meetings.

The amount requested (CHF 2.9 million) is the same as the amount requested for the 2015/16 mandate and the 2016/17 mandate (see ITEMS 3.1 and 3.2), plus the following elements:

- CHF 25'000 in shares
- CHF 5'000 of social security contributions

Ethos considers that the proposed board remuneration is acceptable (see "Comparison to company peers" under ITEM 3.4) and, in accordance with its voting guidelines, recommends to vote FOR.

3.4	Approval of the total remuneration of the board of directors for the term of office 2018/19	FOR
------------	--	------------

The board of directors requests shareholder approval of the total maximum remuneration to be paid to the board of directors for the period from the 2018 AGM to the 2019 AGM (mixed modality). The board remuneration for this period was rejected by the Burkard family at the AGMs held in April 2018). Ethos recommended to vote FOR the requested amount at the 2018 AGM.

A) Board proposal

The board requests a maximum total amount of CHF 2.53 million for its members, including the chairman (see section 5 of this report for details). The amount requested includes the remuneration of 9 members for 1 month (from the 2018 AGM to 11 May 2018), 6 members for 1 month (from 11 May 2018 until this EGM), and 7 members for 10 months (from this EGM to the 2019 AGM).

B) Comparison to company peers

In 2017 (most recent figures available), the total remuneration paid to the members of the board of directors of companies similar to Sika (peers) was the following:

Median remuneration of chairmen	CHF	970'026
Median remuneration of other board members	CHF	311'40

NB: Ethos' peer group consists of 21 companies (excluding companies active in financial services) listed in Switzerland, including Sika, that are comparable to Sika in terms of market capitalisation, number of employees, and total revenues.

NB: To avoid biasing the median, the board remuneration of Sika included in the calculation of the above median is the remuneration proposed at this EGM.

In 2017, Sika's board members did not receive any remuneration. However, the remuneration report mentions that upon approval of the amounts requested for the 2016/17 and 2017/18 terms of office, CHF 2'852'287 will be paid to the 9 board members for 2017. On a full-time basis, the requested amount therefore includes a 6% reserved compared to the 2017 remuneration. The expected 2017 board remuneration is as follows:

Chairman	CHF	873'476
Other board members (average)	CHF	247'351

The remuneration for the chairman as well as the other board members is below the median of the peer group.

C) Ethos' recommendation

The members of the board of directors cannot receive options or variable remuneration, which is in line with best practice. In addition, in view of the company's size and complexity, Ethos considers that the proposed board remuneration is acceptable. Therefore, Ethos, in accordance with its voting guidelines, recommends to vote FOR.

4.1	Discharge board members	FOR
------------	--------------------------------	------------

The board of directors requests shareholders to discharge its current and retired members of their responsibilities for their management of the company for the period from 1 January 2014 until this EGM.

In line with the Swiss Code of Obligations, shareholders are requested to release the members of the board of directors from liability for their activities during the period from 1 January 2014 until this EGM. Shareholders that grant the discharge lose their right to file claims against the members of the board of directors for activities carried out during the year relating to facts that have been disclosed to shareholders. Nevertheless, all shareholders maintain their rights to file claims for facts that have not been disclosed to shareholders when the discharge was granted.

At the AGMs held in 2015, 2016, 2017 and 2018, the Burkard family did not grant discharge to the non-conflicted board members (i.e. the 6 current board members), but the Burkard family granted discharge to the board members who were linked to SWH (i.e. the 3 retired board members, Mr. Urs Burkard, Dr. Willi Leimer and Mr. Jürgen Tinggren). In addition, the discharge granted was subject to the results of the investigations conducted as part of the special audit.

Therefore, the discharge of the current board members for the financial years 2014, 2015, 2016 and 2017 was not granted, while the discharge of the retired board members was granted with reservations.

As mentioned under "Background to the EGM", the special audit (which investigated whether non-public information regarding Sika was made available to Saint-Gobain or SWH and whether any arrangements have been made between board members (in particular the representatives of SWH) and Saint-Gobain or SWH) has been terminated. Therefore, it is still unclear whether the attitude and activities of the 3 retired board members who were linked to SWH (Mr. Urs Burkard, Dr. Willi Leimer and Mr. Jürgen Tinggren) were in line with their duty of loyalty to Sika and thus whether they acted in the interests of the company and all its shareholders, and whether they should be discharged.

However, as the majority of the board (6 out of 9 members, including the chairman) acted in the best interest of the company and the discharge is requested "in globo", Ethos recommends to vote FOR.

4.2	Discharge executive management	FOR
------------	---------------------------------------	------------

The board of directors requests shareholders to discharge the members of the executive management of their responsibilities for the management of the company for the period from 1 January 2014 until this EGM.

Therefore, the discharge of the executive management for the financial years 2014, 2015, 2016 and 2017 was granted with reservations (i.e. the discharge granted was subject to the results of the investigations conducted as part of the special audit). Ethos, in accordance with its voting guidelines, recommends to vote FOR.

5	Termination of the mandate of the special expert committee	FOR
----------	---	------------

The board of directors proposes to terminate the mandate of the special expert committee, which was formed following the approval of a shareholder resolution filed by Cascade, Bill & Melinda Gates Foundation Trust, Fidelity, and Threadneedle at the 2015 AGM.

The role of the special expert committee is to review and investigate the conduct of the business of Sika relating to SWH, the Burkard family and Saint-Gobain, in particular with regard to its effect on the public shareholders. The committee would have become fully active and start its auditing and monitoring activities if the composition of the board changed in a way that no longer guaranteed the independence of the board from the Burkard family and Saint-Gobain.

As the conflict between Sika, the Burkard family and Saint-Gobain has been resolved in a way that safeguards the independence of the company, the mandate of the special expert committee can be terminated. Therefore, Ethos, in accordance with its voting guidelines, recommends to vote FOR.

OPPOSE

Ethos recommends to oppose any unannounced additional proposals made during the AGM either by the board or by a shareholder. The formal meeting agenda does not include this proposal, which is only included in the proxy card with no precise item number. Ethos, in accordance with point 9.1 of its voting guidelines, recommends to OPPOSE.

The 3 directors linked to Schenker-Winkler Holding (Mr. Urs Burkard, Dr. Willi Leimer and Mr. Jürgen Tinggren) resigned from the board with immediate effect when the company announced the agreement reached between Sika, the Burkard family and Saint-Gobain on 11 May 2018. Therefore, the board currently consists of only 6 directors. However, the company has announced that the board will appoint new directors in time.

Mr. Urs Burkard was a member of the nomination and remuneration committee and Dr. Willi Leimer was a member of the audit committee. Mr. Justin Howell (representative of Cascade Investment and Bill & Melinda Gates Foundation Trust) is proposed for election to the board and to the nomination and remuneration committee. The company has not yet announced the new composition of the audit committee.

Upon reaching the age of 70, directors generally resign. In view of the conflict between Sika, the Burkard family and Saint-Gobain, an exception was made for Prof. Ulrich Suter.

The board includes 1 woman.
